MARCH 3, 6 and 8, 1991

Program: \$1.00

**1991 Manhattan College Cup Champions
ST. JOSEPH'S COLLEGIATE INSTITUTE**

A Dedication to Paul F. Hutzler

A single name comes to mind when one thinks of the word statistics . . . Paul Hutzler. Paul has been keeping tabs for the Monsignor Martin Catholic High School Athletic Association for more than 20 years.

It all began as a hobby when Paul was a freshman in high school at St. Joseph's Collegiate Institute. A couple of years later Carmen Battaglia caught wind of this and asked Paul for his help. Since then Paul has been writing segments for the Manhattan Cup Playoffs program. Throughout this program you can find some of his work. For example, "League Records," "1000 Point Club," and "Scoring Records Thru The Years."

This is more than a hobby for Paul, it's a way of life. Sports is in his blood. Aside from Catholic League records his interests are spread throughout Western New York. Coaches often call Paul for information. And on occasion he has done some work for the Buffalo News. This passion enabled him to write and publish a records book a few years back, *Boys and Girls Western New York High School Records Book*.

His enthusiasm for the sport has influenced Brenda, his wife of 32 years. She has become an avid fan of the Manhattan Cup playoffs and never missed a game. Brenda is able to convey the evenings highlights to Paul who works second shift at the Post Office.

Statistics is defined as the science of assembling, classifying, tabulating, and analyzing facts or data. Many people take for granted the hard work involved in compiling these figures. Often a person goes unrecognized for his efforts in this field. Paul Hutzler is being recognized today in this long overdue dedication. In closing we would like to say thank you to Paul for his relentless data gathering and devotion throughout the years.
